WHO IS THE RIGHT **CANDIDATE** FOR BTL EXILIS ULTRA™?

BTL EXILIS ULTRA™ is ideal for anyone looking for preventative maintenance or more dramatic cosmetic improvement.

HOW LONG IS THE **TREATMENT**? HOW MANY SESSIONS DO I NEED?

Most patients undergo between 2 to 4 treatments scheduled 7 to 10 days apart. Each treatment of a specific body part usually takes between 15 to 30 minutes.

WHAT DOES THE **PROCEDURE** FEEL LIKE? IS IT PAINFUL?

Most patients describe the sensation of the therapy as being comparable to that of a pain-free, hot stone massage. The treatment is performed in a lying-down position so you can easily relax during the procedure.

HOW FAST WILL I SEE **RESULTS**?

Some patients report seeing visible results after one treatment. The time until results become visible is dependent upon the body area treated. The results will typically continue to improve over the next few months.

BEFORE

Uneven skin appearance caused by loss of collagen due to natural aging process.

DURING

Heat energy disrupts old collagen fibers and initiates the process of new collagen formation.

AFTER

BTL EXILIS ULTRA™ treatment leads to visible skin improvement.
